A REMARKABLE STORY. An Unhappy Adventure of a Brothe and Sister.

(From the Pfitsburg Commercial, 20th.) From the Detroit Free Press, 21st.] There passed through this city yester-day, en route to Chicago, a lady whose history is one of the most remarkable ever brought to public notice. It has been said that "truth is stranger than

band's death she removed to St. Louis, where she sought to maintain berself by

appreciation of the pathos that dwells in these grave eyes that look so stead(221) back upon the things they knew before history was born—before tradition had being—things that were, and forms that moved, in a vague era that even poetry and romance secree knew of—and passed one by one away, and left the stony dreamer solitary in the midst of a strange, new age and uncomprehended seenes!

"The Sphynx is grand in its loneliness; it is imposing in its magnitude; it is imposing in its magnitude; it is impressive in the mystery which hangs over its story. There is that in the overshadowing majosty of this eternal figure of stone, with its accusing memory of the deeds of all ages, that reveals to one something of what he shall feel when he stands at last in the awful presence of tood,"
